Dear Parents,

RE: E-safety

At Northhill CE Academy, we prioritise your children's safety online. As part of computing and PHSE across the school, we teach children at their level of understanding how to stay safe when using technology or online. This includes how they should conduct themselves when searching/browsing the internet, understanding the reliability of information online and how to report issues in and out of school. The children begin the year by signing a code of conduct promising the school they would follow rules to keep themselves and others safe when using technology.

As Northhill Academy, we understand that e-safety is not just an issue in school but in all areas of a child's life. We emphasise the importance of communication with our trusted adults. We are asking you to co-sign your child's code of conduct to ensure you are aware of our school policies on e-safety and to give your child an opportunity to share what they have learnt in school.

Please read the code of conduct and sign to indicate that you understand and agree to its content, before returning the code of conduct to school.

This might also be something you will wish to discuss with your child/ren at home.

Thank you for your continued support in keeping our children safe, if you have any questions feel free to speak to me on the playground or email the school office.

Kind regards,

Siobhan Wright

Northill C of E Academy Technology Code of Conduct

- I will carry and use technology carefully.
- I will tell an adult if I see something on technology that I do not like.
- I will be kind when I use technology
- I will ask an adult if I am not sure what to do

I know how I should be behaving when I am using technology

Signed
